

firstcommissionpainting - pricing guidelines

Pricing is tricky but in an effort to give some guidance I've put together this outline. I will always give a more accurate quote on request but these figures are the general ballpark.

28mm figures

These can range from £8 to £15 depending on the complexity of the figure eg a monocolour uniform with little extra kit would be £8 whereas a gothic 40k character with lots of detail would be £15 (and for some 40K/fantasy stuff more). This includes game figures such as Scythe, Legion, Brimstone etc

Examples

Monocolour - little or no kit.... £7

Normal WW2 types £9

Space Marines basic £9 each

Mason's team £9 each

Infinity standard size £10

Fantasy Cavalry £15

Character types £12

"Gothicy" character £15

From this point things really need to be priced on an individual basis!

28mm & 1/56th Vehicles

Small single colour £25

Medium monochrome £35

2 or 3 colour camo £40 to £45

Vehicle crew half figures that come with model are free but full figures such as SPG crew charged as infantry.

15mm

Vehicles are priced in the same ratio as 28mm but cheaper at £15 to £20 each! Infantry range £2 to £2.50 a throw. Aircraft / helicopters priced separately. A selection of 15mm stuff below.
